# A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

# INTRODUCTION

## and GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Sanford City Directory since 1950), present to subscribers and the general public, this, the 1962 edition of the Sanford City Directory, which also includes Carbondon Heights, Jonesboro Heights and Rural Route Residents.

Confidence in the growth of Sanford's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Sanford to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Sanford Directory will fulfill its mission as a source of authentic information pertaining to the community.

### Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Sanford. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Sanford, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the third major department, printed on white paper. This is the only record in existence that aims to show the name, marital status,

occupation and address of each adult resident of Sanford, and the name, official personnel, nature and address of each firm and corporation in the community.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY is the fifth major department, printed on blue paper.

### **Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Sanford and vicinity.

### **The Sanford Out-of-Town City Directory Library**

Through the courtesy of the publishers of the Sanford City Directory, a Directory Library is maintained in the offices of the Sanford Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in the chief cities of the United States, Canada, Hawaii and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,  
Publishers.

### Location

Sanford is located at the edge of the Piedmont, in the healthful pine belt, 46 miles southwest of Raleigh, N. C. It is in the center of the state and is surrounded by a large, rich agricultural area. Its location is partly responsible for its steady growth.

Saco-Lowell Shops

### Population

Census reports show the steady growth of the city from 236 in 1880 to more than 10,013 in 1950. 1960 census count was 12,253. Jonesboro now is an integral part of Sanford and is designated as Jonesboro Heights. The genuinely friendly attitude of the citizens is quickly observed by visitors as an outstanding characteristic of local people.

### Industry

Sanford's residents find employment in manufacturing, merchandising and distribution. Industry is well-balanced and varied. The city has over 50 plants employing approxi-

mately 5,500 people, manufacturing a wide variety of products. These include lumber and lumber products, veneer, furniture, cabinets, brick, tile, pottery, tobacco curers, textile machinery, hosiery, industrial grease and meat meal, insecticides, tobacco re-drying, corn meal (also self-rising corn meal), stock feed, dog food, flour, fertilizer, meat products, sheet metal products, bakery products, lingerie, work and play clothing, ice, ice cream, soft drinks, frozen foods, electronic equipment and cosmetics. Wholesale grocery and fruit, wholesale candy, wholesale florists and bottling plants make Sanford an important distribution point. The Sanford tobacco market is an important growth factor.

### Housing

Building goes on all the time. New residents come in constantly. Living costs are reasonable. Food is produced in abundance, and local markets afford a bountiful supply of poultry, dairy products, meats, fruit and vegetables.

### Recreation

The municipal swimming pool, municipal golf course and club-house, ball park, two modern athletic fields, school playgrounds and nearby camps give the people a variety of recreation. There is fishing for those who like it. The City maintains the recreation department, staffed by paid employees with a planned recreation program. Three modern movie houses and one drive-in theatre offer high class entertainment the year round.

### Churches

Sanford has every major religious denomination represented, among them being Presbyterian, Baptist, Methodist, Christian, Catholic, Holiness, Christian Science, Church of God, Lutheran and Episcopal. The surrounding rural area has many fine places of worship.

### Education

There are nine public schools in Sanford—eight white and one Negro. Among these are two high schools holding membership in the Southern Association of Colleges and Secondary Schools—Sanford High School, for white students, and the Lee County Training School, for Negroes. The elementary schools in the city have earned the ratings of 1 with the accrediting agencies, and are generally considered to be among the best in North Carolina. Sanford City schools are guided by a definite philosophy of education which is both sound and workable. Its aim is to develop the whole child, his mind, his body, his attitudes, his personality. School authorities from other states have made inquiries as to Sanford's human relations program for students, one of the first school systems in North Carolina to offer this type of program. Guided by the members of the Board of Trustees, who are serving because they are interested in developing Sanford's future citizens. The senior high school plant, built on a beautiful site of 28 acres on the outer fringes of the city, is a campus-type with one-story units and is one of the finest high school plants in North Carolina, perhaps the first to develop the campus-type high school.

### Climate

Sanford's climate is a big asset to manufacturing and agriculture. It permits uninterrupted production throughout the year, thereby lowering operating costs. Winters are short. Summers are long and warm, but not oppressive. Precipitation varies from 42 to 52 inches. Mean annual temperature, 59.8 degrees F. Altitude, 370 feet.

### Rail Service

Sanford is a rail center, having five railroads. The Seaboard Air Line Railroad is a main line affording north and south transportation. The city has direct connections with the Atlantic Coast Line at Fayetteville. The Southern connects with its main line at Greensboro. The Atlantic & Western provides local services. The Norfolk-Southern runs across Lee County, connecting with the Seaboard Air Line and Atlantic & Yadkin, but does not touch Sanford. These railroads offer the best in freight and passenger transportation to all points of the compass. Overnight Pullman service to Jacksonville, Atlanta and New York City.

### Highways

U. S. Highway 1 from Maine to Key West, Fla., offers the best in tourist accommodations and is traveled every month in the year. U. S. Highway 15 runs from Rochester, N. Y., to Savannah, Ga., through rich agriculture areas and large industrial cities. U. S. Highway 421 runs from Michigan City, Ind., across the Piedmont and coastal plains to Wilmington, N. C. U. S. Highway 501 from Lexington, Va.,

One of Sanford's Lumber Plants

to Myrtle Beach, S. C., gives Sanford an excellent location as far as tourist traffic is concerned. Is it any wonder that people say, "All roads lead through Sanford."

#### **Bus Lines**

Local buses afford transportation in the city.

The Sanford Bus Station is well located outside the business section on a lot of ample size to handle all traffic. The Queen City Coach Co. and the Carolina Coach Co. af-

Tobacco Auction in Sanford

ford bus service on regular schedules to all points in the state. These bus companies are members of the National Trailways Bus System.

### Sanford as a Trading Center

Sanford has a large trading area because of its location. There are no large cities nearby. Surrounded by a rich agricultural region and timberland, it offers the farmers markets for their products and supplies for their families, homes, farms and sawmills. It has a balanced and diversified industrial life. The more than 50 manufacturing plants afford a great variety of places for the residents to work. Agricultural crops include tobacco, cotton and corn. There has been a gratifying increase of live stock of all kinds on the farms. The tobacco market is among the best in the state as far as prices are concerned. The stores are equal to the best—as visitors know.

### Civic Clubs

The civic life of the community is represented by numerous strong, thriving, progressive organizations. Among them are Rotary, Kiwanis, Lions, Exchange, Civitan, Optimist, Pilot, Sanford Woman's Club, Business & Professional Women's Club, Masonic Order, Eastern Star, Elks Club, Moose Lodge, Junior Order, Knights of Pythias, Modern Woodmen of America, Junior Chamber of Commerce, Junior Woman's Club, United Daughters of the Confederacy, Sanford Music Club, 40 & 8, Veterans of Foreign Wars, Veterans of Foreign Wars Auxiliary, Lee Post No. 18 American Legion, and American Legion Auxiliary. These render civic, fraternal, patriotic and social service.

### The Sanford Chamber of Commerce

The membership of the Sanford Chamber of Commerce is made up of the business and professional men of the community, who not only are interested in the work, but also enter actively into the problems and tasks confronting the Chamber.

The influence of this body has been largely responsible for the many developments in the city, and in every progressive movement the Chamber of Commerce uses its agencies and influence for the best interests of the community. The Chamber of Commerce also serves as a clearing house and general bureau of information, and as a license bureau for the sale of automobile license plates.

The management of the Chamber is in the hands of a board of directors, who employ a manager and a secretary and maintain offices at 140 N. Steele St.

## CAUTION . . . .

**T** Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

**Do your employers furnish you with  
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

### ★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight.

# CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

# Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

## *If You Cash Checks for Others*

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

## *If You Get Checks Cashed*

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

# When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.

**FAIR PRACTICE CODE**  
**for ADVERTISING and SELLING**  
**recommended by the ASSOCIATION OF**  
**BETTER BUSINESS BUREAUS, Inc.**

- I. Serve the public with honest values.
- II. Tell the truth about what is offered.
- III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.
- IV. Tell customers what they want to know — what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.
- V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.
- VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.
- VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.
- VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.
- IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.
- X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

### EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

*Do your employers furnish you with  
the latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Directory of Household,ers, Occupants of Office Build-  
ings and Other Business Places, Including a  
Complete Street and Avenue Guide

## 1962

Including Carbondon Heights and Jonesboro Heights

Copyright, 1962, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective places of business; to find occupation of others refer to Alphabetical List of Names.

The symbol @ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

- 1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.
- 2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.
- 3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.
- 4 A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.
- 5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.
